NORTH BAY, ONTARIO: The City of North Bay strives to provide timely, accurate information to our residents and ratepayers. The City's comprehensive Web site found at www.cityofnorthbay.ca is an excellent window into all matters relating to your local government and the broader community.

The City of North Bay is committed to an open and transparent model of governance. As part of its continuous improvement philosophy, the City has recently started posting complete City Council agenda packages on its Web site. Detailed agendas are available the day of Council or Committee meetings at <http://northbay.ca/cityhall/council/committee.asp>.

Mayor Al McDonald, a strong proponent of open government, stated, "This is another step in our on-going efforts to engage and inform our residents on the issues being considered and deliberated by their City Council. I look forward to finding new and effective methods to reach out to the citizens of our great city."
